# DIGITAL TABLES

Get your people interacting with each other. Improving collaboration between people has been nsquared's vision for over nine years. We want to help people solve problems and learn from each other by creating dynamic, cooperative spaces.

Collaboration is a powerful agent for productivity. Well-designed modern workplaces have 'anchor points' to encourage planned and unplanned meetings. These are key to encouraging and harnessing creative team thinking and organisational innovation.

*Surface computing is expected to be worth  
USD\$26.2 billion by 2020.\**

The DIGITABLE PLUS is the ultimate 'anchor point'. Researched, designed, prototyped, and tested to within an inch of our lives here at nsquared. It is now available to buy for your workplace and get your collective juices flowing. Start having truly productive meetings.

Invest in an nsquared digital table to bring people together and experience:

-  Collaborating
-  Brainstorming
-  Presenting
-  Sharing

# LOCATIONS

Perfect for business meetings, real estate sales, hospitality venues, museums, libraries, schools, and off the plan property sales. The DIGITABLE is ideal for any location.

*“Clients talk about how they can use it and how we can put information on the table and promote our partners.”*

---

**David Earby**, Marketing & E-Commerce Executive  
Novotel Sydney on Darling Harbour

A woman with her hair in a bun, wearing a colorful floral dress, is standing at a large, light-colored wooden table. She is interacting with a large digital screen embedded in the table, with her hand touching the surface. Two open books are lying on the table. To her left, the back of a person's head and shoulder are visible. The background is a plain, light-colored wall.

## Library

Over the last few decades, the role of the library has been evolving. Digital technology has urged libraries to adapt to this changing landscape of information to maintain their significance and further attract their community.

The DIGITABLE PLUS provides a place of gathering and engagement. The technology provided can be used to encourage learning and collaboration between members of the community.

Local information can easily be made available on the DIGITABLE with the Content Explorer Package. Event information and notices become interactive content that can be shared.

*Try the Content Explorer Package with the DIGITABLE PLUS in your library.*

## *Real Estate*

Provide a true 21st century experience for your clients when selling properties. The DIGITABLE PLUS creates a space that attracts clients to intuitively engage with the properties in your portfolio.

Displaying floor plans has never been simpler than on the DIGITABLE PLUS. Work with clients to annotate floor plans and make notes about each property. The DIGITABLE PLUS with the Salesroom Package enables you to share content from the DIGITABLE to other presentation screens in the environment using nsquared presenter.

Notes made on the DIGITABLE can be kept and shared with clients providing personalised action points for the customers.

*Try the Salesroom Package with the DIGITABLE PLUS in your real estate office.*

## Exhibit Space

The DIGITABLE PLUS creates a location that attracts customers to directly engage with your content and become emotionally connected to the sales process.

The Salesroom Package available on the DIGITABLE PLUS enables you and your team to prepare presentations to be displayed and shared with clients.

A table is an ideal location for making decisions and plans. Bring your clients to engage with your content and even take away digital copies on their personal devices.

*Try the Salesroom Package with the DIGITABLE PLUS in your exhibit space.*

A photograph of three people (two men and one woman) sitting around a large, dark wooden table in a modern office setting. The table has a large, illuminated digital display on its surface, which shows a map or data visualization. The man on the left is gesturing with his hand while talking to the woman on the right. The man in the middle is looking at the display. In the background, there is a water cooler and some office equipment. A green rectangular overlay is on the left side of the image, containing the text 'Meeting Room'.

## Meeting Room

The DIGITABLE provides an amazing space for brainstorming, creating, and problem solving.

All of the content you typically bring into a meeting room can become available on the DIGITABLE.

Office documents, PDFs, images and videos can all be displayed on the DIGITABLE and viewed by everyone around the rich touch interface. The content can be annotated and meeting notes created with applications available in the Business Package.

The DIGITABLE encourages participants to put down their personal devices and engage together on the same digital surface. The table itself becomes the center of attention in the meeting and personal distractions can be put aside for the duration of the meeting.

*Try nsquared notebook with the DIGITABLE in your meeting room.*

A woman with blonde hair tied back, wearing glasses and a white button-down shirt, is smiling and touching a large, horizontal digital display embedded in a wooden table. To her left, the back of a man in a light blue shirt is visible, also interacting with the table. On the table, there is a tall flute glass and a bottle of beer. The background features a wooden door with a decorative glass panel. A green rectangular overlay is on the left side of the image.

## *Hospitality*

Serve up an engaging experience that will keep your guests talking long after they've checked out. The DIGITABLE PLUS encourages guests and visitors to interact with each other and explore content on the table.

Offer your guests the ability to make food and beverage orders directly from the DIGITABLE, or guide them to optional locations that you suggest. The DIGITABLE PLUS is also a great place to gather around and play multi-user games while having a drink with friends.

*Try the Entertainment Package with the DIGITABLE PLUS in your hotel or restaurant.*

## CONTACT *us*
